The Randall County Jr. Livestock Association met in the cafeteria of the Canyon High School Thursday night to discuss future plans of the organization. Approximately 50 people, consisting of the boys in the organization and their fathers, attended the meeting.

Three phases of the business and activities of the organization were discussed. They discussed the commercial steer sale, a change in show plans for the show next year.

In connection with the commercial steer sale, Harley Burrus, president of the organization, appointed a committee to attend the Amarillo sale this year. This committee was to check prices that steers were bringing as a guide for the boys who will have commercial steers for sale. The commercial steers of the Randall County Jr. Livestock Association will be ready for market about June 1.

Several methods of marketing were discussed. One of these was to bring a buyer here to purchase the steers in a group. The other method was to sponsor a trip in which the boys owning the steers would take their steers out of the immediate vicinity in order to sell them.

One of the new rules voted in at the meeting was to limit the weight of swine to 250 pounds. No swine over this weight will be accepted in the show of 1953. It was also voted to have a lamb show consisting of lambs only. That is, any sheep with its yearling teeth will not be accepted for showing.

Members also agreed to allow one boy to show a group of three steers. This part of the show will be a special group and the three in each individual group must have been fed by the one exhibitor showing them. Although the boys can show steers in groups of three, after the show they will be allowed to sell only two steers.

No definite date has been set for the 1953 show but the group did vote to hold the show several days earlier than the one being held in Amarillo. This was done in order to give the boys time to rest their cattle and also to give those working with the show a short rest.

The group decided to go ahead with plans for erecting a new show barn. Several possibilities were discussed but no definite plans were made concerning the new building.

## Cantrell Invited To Attend F. B. I. Refresher Course

Sheriff M. E. Cantrell received an invitation this month to attend the General Review of Modern Methods of Law Enforcement and Firearms practice sessions for Texas law enforcement personnel. The invitation explained that monthly get-togethers were being revived after a lapse of several months.

Practice is to be conducted at Wolters Air Force Base near Mineral Wells. Authorities believe this target range will soon be developed to the point that it will rival the former target range at Quantico.

In order that the men would not have to waste time finding a place to stay during the get-togethers, hotel accommodations were arranged in advance. One of the local hotels has promised excellent and reasonable accommodations for the officers while they are at Mineral Wells.

The two-day get-togethers are scheduled for May 13 and 14, June 12 and 13, July 10 and 11, August 7 and 8, and September 11 and 12.

J. K. Mumford, special agent in charge of the Dallas Division of the F. B. I., is in charge of the refresher sessions. In his letter to Cantrell he pointed out that the meetings would be valuable in more than just target practice. They provide the officers with an opportunity of working in better harmony which in turn facilitates more efficient enforcement of the law.

Cantrell is eligible to attend the function because he is a graduate of the F. B. I. National Police Academy. The sheriff attended the F. B. I. school for 14 weeks in 1945.

The sale was managed and auctioneered by Richmond Hales and Bill Wilson.

## EDITORIAL COMMENTS

**Well, Well, Well, Here We Have Another Candidate For President**

At long last the Democratic party has another avowed candidate for the presidential nomination. He is W. Averell Harriman, long time friend of the President, and the man whom Truman is backing to get the nomination.

Harriman is rather unique. He is a very wealthy man. Wealth in itself may be a handicap to a candidate, but is no index to his ability or to his honesty. Not all rich men are crooks; and certainly not all poor men are honest.

Harriman owns a lot of property, including a railroad, and is in position to make a good public official. He has long been in the Truman inner circles. This may be a handicap to his race for some and a drawing card in other circles. He has served the Truman administration in several jobs and has a good record of achievement. We take it that Harriman is above the average in ability and in performance.

The so-called "loyal" Democrats would have us tie our hands before May 3rd and say that we shall support Harriman for President if he gets the nomination with the blessings of Truman. We decline.

We are not going to say here in May, 1952, how we shall cast our one vote in November, 1952. You may do as you like, but we are not going to wear the brass collar as it is welded around our neck by the bosses.

So far we intend to vote for the party nominee in November, but we are not going to have our hands tied this early in the campaign.

**"Loyal Democrats" Threaten to Walk Out If They Fail Theories**

So-called Democrats in Texas, who claim that they are the only loyal Democrats in the State, advocate that they will bolt the precinct conventions on May 3 unless they have their way, and that all who attend are required to take the pledge.

This is the same group who wish to swallow the corruption of the Truman administration, bait, sinker and all, without question.

We are convinced that sanity will prevail and that no pledge will be required in this convention and that no instructions will be given delegates to the State and National convention, except to crush the ugly head of corruption and graft wherever it appears.

The Truman administration will take a beating in Texas, regardless of what the so-called loyalists wish to do about the matter. Corruption will be the keynote of this year's campaign. If the Texas Democrats want to receive a beating at the polls in November, let them continue their way by advocating that the hands of all voters be tied in advance and that the party members shall blindly follow the political bosses of the nation, regardless of whom these fellows may select as the Democratic leaders.

**GOP Victory in November Will Bring No Great Relief to Nation**

There are a lot of folks scattered throughout the nation who have an idea that a Republican victory in November will end the period of graft and greed in this nation; that taxes will be slashed; that the cost of living will tumble.

We are firmly convinced that nothing like this will happen. The grafters of the Republican party have long been out of a job. They would like to get their hands on some of this easy money.

Taxes are not going to be cut all of a sudden. Republican leaders know that the people of this nation are for preparedness, and that they want to build up a strong defense against aggression from any source.

While the cost of living is high, and has been going higher, yet the people generally are better off than they used to be. If the cost of living should be suddenly cut, it would be at the expense of the bank accounts of too many people. The nation will not stand for such a thing.

However, whoever may be elected president in November, be he a Democrat or a Republican, will have to cope with greed on the part of a few federal employees who seek to become rich at the expense of the people. No one objects to paying taxes, but he wants to make sure that all of his tax dollars go for the purpose for which it was intended, and not into the pockets of some tax gatherer.

Whatever change that may come about will be gradual.

**Unsolicited Praise Comes To The Canyon News for Results**

For two weeks now, *The Canyon News* has received unusual praise from unexpected sources.

The first praise came from a firm which had used our advertising to improve their business. "We had unusual results in this advertising," stated the man who placed the advertising. No other advertising medium was used. "We sold four times our usual amount during the period covered by this ad," he added.

"Advertising is not an expense, but an investment," stated this man.

The second high praise came from a scientific advertiser who placed a page ad in the last issue of *The Canyon News*, from which we had printed 5,000 bills.

"You have a most unusual plant for a small town like Canyon; produce the best work we have ever had; and get it out on time," stated this man.

Both of which opinions we highly appreciate.

**Invest Your Dollars Well By Buying in Canyon May 2nd**

Do your shopping in Canyon on Dollar Day, May 2nd.

Money which is invested in Canyon will make a good investment for your future. Any town which is willing to put up with any of us deserves the support of all of us. Any town which gives support to us, should be a good place for us to invest our money.

Think it over before you rush out and spend your money which will not insure your future.

The leader who is a hundred years ahead of his people might as well be a hundred years behind.

Some have gorgeous clothes and others say they have none. Or are they the same people.

**Attend Saturday's Presidential Convention and Cast Your Vote**

If interest that has so far developed in the coming presidential primary is any indication of the number of persons who will attend the precinct conventions next Saturday, these meetings should be more than a mere "eye wash" gathering.

Naturally we believe with the President that most of such conventions, in most states, amount to little when it comes to electing a president. However, let it be remembered that the average citizen has the opportunity of expressing his views on this vital question in the conventions. This is the ONLY place that he has a chance to express his opinion on the selection of the candidates. It would be a very poor policy to abolish such precinct conventions and leave the entire selection of candidates to one man, or a small group of men. Naturally Truman wants to choose his own successor, who would continue along the same lines as the President has followed in the past. This would be a very, very poor policy. Or to leave the final selection up to the small group who are bosses in the party is a poor system. This is boss politics at its worst—the kind that the President wants. He grew up and became prominent under such a system.

Go to the conventions and express your sentiment. Your vote should reflect your own opinion and not that of any other person.

**Critics of Schools Will Solve No Problems in Public Education**

It would be very, very unfortunate if the schools of Texas should be turned over for operation to one group of individuals who are fundamentally opposed to public education.

Education has been under fire in an unprecedented way during recent years because of the increased cost of the schools. The cost of living has advanced, and no one will say that the cost has not hit the teachers as well as other people. Why try to saddle the high cost of living, and the high cost of education on this group of public servants?

We are told that one man came into Texas to carry on a campaign against public education. He has been running a series of articles against public education right here in the Panhandle. However, down in the Valley he had taken a decided stand against the public schools, and is making an open fight against public education.

Regardless of the critics of public education, the people favor this means of elevating and enriching the lives of the lower strata of our civilization who would never have the opportunity for education without the public schools. Those who believe that education should be left to the individual families forget the fact that if the lower strata of our society was deprived of public education that many of the great minds of this and past ages would never have been developed.

Because you have a gripe against some individual who is connected with the schools, do not take your spite out on the children by fighting the schools.

**We, the People, Are to Blame for Breakdown Law Enforcement**

District Attorney Hermon Pipkin spoke in Canyon last week discussing the work of his office. He laid the blame for lack of law enforcement at the doorstep of the persons who are responsible for crime—we, the people.

Those who have read this page regularly will recall that we have stated time and again that should a crime be committed in Canyon today that the sympathy of the people would be with the transgressor, and not with the courts, or the victims of the transgressor. Police officers are elected to protect the people, but the people too often give the officers swift kick in the pants as they try to enforce the law.

While the law has been written for the protection of the criminal, yet we, the people, are not helping the situation by refusing to help enforce the law. We make a job of law enforcement because we feel sorry for the criminal. We overlook the fact that too often criminals are repeaters, and are trying to figure out how they made a mistake, and how they will avoid repeating mistakes in the future.

If we want to have a clean town, community, and county, we must report law transgressions; serve on juries; uphold our courts; and not hamper the enforcement of justice.

Think it over.

**Coke Stevenson Makes Threat to Run Against Senator Johnson**

Coke Stevenson, former governor, says that he will not be a candidate for the United States Senate, but will run against Senator Lyndon Johnson in 1954.

Johnson won by a slender lead of 87 votes in 1948, with a block vote from Duvall county going to Johnson.

"Calculating Coke" as his friends have dubbed him because of his pipe-smoking, slow attitude of action, is an experienced campaigner. He knows where to hit in order to do the most good. His age will be against him, as this is the day of young men in public offices.

While we supported Coke Stevenson against Lyndon Johnson in 1948, we are grateful to Lyndon for the fine record he has made in public office. Coke did not make a positive announcement for office, with more than two years to go before the vote is taken.

Time, and time alone will tell.

**Clean Up Canyon and Avoid the Dangers of a Polio Epidemic**

It was not many weeks ago that Odessa was called upon to close up and clean up as the result of a terrible epidemic of polio. You have only to look at any individual who is suffering with polio in order to be thoroughly aware of the dangers of the disease and the permanency of its results.

The city of Canyon has a cleanup campaign under way. This is an effort in which all citizens should be interested and should give their full cooperation.

If polio strikes, it may be in the better homes of the city, or among the poorest citizens. Polio recognizes no financial status of its victims.

So clean up, and assist in the attempt to hold the disease in check!

Farm prosperity is essential to national prosperity and, at times, to having something on your table to eat.

**Mutiny in Prisons Are Sign of Times for Improvements**

The rash of mutiny in prisons should call the attention of sober minded citizens to the defects of prison life. We say "defects" advisably. We have visited a dozen penal institutions and assure you that they are no places of beauty. If they were, these places would not stay that way long. Those who are confined in prisons are not there on a picnic, but are confined simply because they have broken the rules of Society and must pay the price.

It is too bad that so much damage has been done to physical property during these uprisings against society. The cost of restoring these penal institutions is small considering the price that society will pay in case that men think that they have whipped the law and those who are placed in charge of the enforcement of the law.

So far as the guards are concerned, just how good do you suppose these guards are considering the low salary which they draw and the dangers to which they are subjected?

Would you wish such a job, at any price?

Hard work succeeds in life whether the worker has mediocre or exceptional intelligence.

Not every dog that bites a man is to blame.

**Soak the Rich Has Done Much to Bangrupt England - - US Follows**

It is the practice of the day to soak the rich. Those who have money are being deprived of what they have in order to support their governments.

Those in America who preach such a practice should look at what has happened in England, where unjust taxation has been imposed in order to support a socialistic government. There are only 60 persons in all of England today with an income of more than \$16,000. Last year there were 85 such persons. If the trend of taxation continues, the government will have on the pauper list thousands of persons who were hitherto pretty well fixed.

There are a lot of folks in America who believe that the course of soaking the rich will bring them peace and happiness. Look at England as an example of the mess this theory leaves in its wake.

The average speaker consumes much energy in wasting the time of his audience.

American strategists can tell you how any particular campaign could have been won in half the time.

## Fugitive Eludes Guards Here; Is Soon Re-Captured

Law enforcement officials in the vicinity of Canyon spent more than two hours early Friday morning locating an AWOL soldier. The soldier, whose home is believed to be in Albuquerque, N. M., was in the custody of army officials. They were returning the soldier to his army base at Fort Sill, Oklahoma.

When the train stopped in Canyon the soldier who was being returned to face AWOL charges, was given permission to get a drink of water. He slipped off the train and made his escape. While the train was stopped here, a freight train came through traveling in the opposite direction and it was believed that the soldier had managed to get on it. The alarm was sent out to Sheriff M. E. Cantrell who immediately used his two-way radio to inform all law enforcement officials in this area.

These broadcasts, giving the description of the soldier, were given several times. A highway maintenance man heard the broadcast and spotted the soldier. Sheriff Cantrell was informed and the fugitive was picked up about 8:30 the same morning approximately eight miles south of town.

For a short period of time Sheriff Cantrell held the fugitive in jail here. Homer Ewton, a Randall County deputy in South Amarillo, picked up the prisoner and took

him to the Provost Marshal at Amarillo Air Force Base.

### QUESTIONS:

1. To whom were these words spoken?
2. By whom were they spoken?
3. What does this commandment command?
4. Where may this commandment be found?

## Bible Verse Answers

1. To the children of Israel, assembled at the foot of Mt. Sinai.
2. By God, through Moses.
3. Supreme loyalty to Jehovah, God.
4. Exodus 20: 3-4.

### VOICE OF EXPERIENCE

The visitor to the mountain region, finding an ancient cabin with an equally ancient character taking his ease on the rickety porch, was asked to set awhile an' rest his bones. He accepted the proffered rocker gratefully. The old man wordlessly puffed his pipe. Finally he broke the silence. "Stranger," he said, "Yore sure a-wearin' yorself out. Whyn't you rock with the grain?"

### REASONABLE

Policeman: "If his wife shot him, it must have been at close range."

Detective: "Then there'd be powder marks on him."

Policeman: "Sure? That's why she shot him."

Civil service status for as many Government employees as possible during the next few months is one of Mr. Truman's goals. Government workers who took jobs under Democratic auspices then will be more difficult to replace if and when a Republican Administration takes over.

Averell Harriman, foreign-aid director, has President Truman's blessing in his developing try for the Democratic nomination. Mr. Harriman, however, has not previously sought elective office and politicians tend to view his vote-getting ability with some skepticism.

## First Baptist Church Is Setting for Slagle-Davis Wedding Ceremony

MR. AND MRS. EDDIE DAVIS

Basket arrangements of white gladioli and an arch of candelabra formed the altar setting for the marriage of Bettie Bedford Slagle, daughter of Mrs. Anne Slagle, to Eddie Loyce Davis, son of Ed Davis. Rev. Strauss Atkinson, pastor of the First Baptist Church, read the double-ring service in the Baptist Church on Sunday afternoon, April 27, at 4 o'clock.

Mrs. Margaret Foster at the organ played "Liebestraum" by Liszt, "Airs" by Handel, "Lord Jesus Christ be Present Now" by Bach and "On Wings of Song" by Friml as a nuptial prelude. Miss Barbara McDougal sang "I Love You Truly" by Bond. Young Miss Sara Slagle, sister of the bride, sang "Because" by D'Hardelot. As musical background for the reading of the wedding rites "The Lord's Prayer" was played by Mrs. Foster who also played the traditional wedding marches for the processional and recessional. Candles were lighted by Miss Jean and Lonnie Davis, niece and nephew of the bridegroom. Miss Davis' candlelighter was in a nosegay of white maroon daisies. Her floor length gown was blue net over taffeta. Her head dress and

mitts were identical to those of other attendants.

Attendants to the bride were Miss Valeta Haines, cousin of the bride, and Miss Mary Sloan. Miss Haines wore lilac net over taffeta designed with a fitted bodice buttoned down the front and having a portrait neckline and small collar. Her full gathered skirt was floor length. To complement her costume she wore a lilac imported French illusion bandeau with a side bow and matching mitts. She carried a lilac satin heart center clustered with white gardenia and feathered carnations.

Her finger-tip veil\* of imported French illusion was attached to a tiara headpiece of pearlized orange blossoms. Her unusually attractive bouquet was an open heart outlined with white lace, clustered with stephanotis centered with a large white cattleya orchid.

For "something old" she wore a silver hair pin which the bridegroom's mother wore when she was 12 years old; "something new" was a lace handkerchief, a gift from Mrs. Joe Abbott; "something borrowed" was a locket belonging to the bride's maternal grandmother.

Mrs. Slagle, mother of the bride, wore a navy Moynash suit with white accessories and a Vanda orchid corsage.

Following the ceremony the bridal party was honored at a reception in the parlor of the church. Laid with a lace cloth, the serving table was centered with an arrangement of white roses in a crystal bowl. Mrs. Edith Davis served the tiered wedding cake. Miss Joanna Haines of Lubbock and cousin of the bride, presided at the punch bowl. Mrs. Stanley Schaeffer registered the guests.

For the wedding trip the bride wore a light navy gabardine suit with lilac and navy accessories and an orchid corsage. After May 3 the couple is to be at home at 2403 R Seventh Avenue.

## FFA Work Explained Tuesday at Rotary Club Luncheon

Lloyd Devin spoke Tuesday at the Rotary Club luncheon Tuesday on his work in Vocational Agriculture. FFA is a branch of this department, and is doing a great work in directing the boys of the community.

Mr. Devin told of his work among the boys, and the accomplishments of the group with whom he had worked.

Vocational Agriculture is only 23 years old, but now has 350,000 white boys and 34,000 Negroes enrolled as students. There are 150,000 boys in Japan studying agriculture, and many in other nations of the world.

Seventeen Canyon boys have made State Farmers because of their accomplishments. In addition to agriculture, the boys are taught citizenship, cooperation, service to country, healthful recreation, patriotism, and love for country life.

During the past year 19 boys have engaged in state contests, with seven first places being won, and numerous other places.

The boys are making their vocational work pay off as each one in FFA keeps a careful record and shows a profit of \$156 per boy. Buran Scott was introduced as a new member of the club by Jack Haley.

Mrs. Pat Boddy and children of Wheeler are visiting in the Boone McClure home. Mrs. Boddy and Mrs. McClure are sisters.

Whatever happened to Punch and Judy shows? They go back to the Middle Ages in Europe. In early days in this country, they were a popular amusement. The puppeteers traveled in a wagon, the back end of which could be quickly converted into a stage. There, the saucy Punch and his scolding wife, Judy, performed. The show was given on the street and a hat was passed for contributions.

The only Punch-and-Judy show I can remember was in Benton, Ark., when I was five years old.

Instead of re-making a bunch of films (some of which shouldn't have been made in the first place), why doesn't Hollywood turn to novels which were made into big hits on the stage 30 and 40 years ago?

For example, "The Fortune Hunter" and "Get-Rich-Quick Wallingford," both of which had heroes who were interesting and likeable rascals. Another which used to delight playgoers was "Brewster's Millions"—the hero could inherit \$7,000,000 but first he had to spend a million which he had previously inherited and the task produced one laughable situation after another.

"Lightin'," starring a loveable old fellow, ran for years on Broadway, a long time ago. I can not recall that it has ever been made into a movie.

That these stage hits of the yesteryears would be successes on the screen was demonstrated by the reception given to the film version of Harold Bell Wright's old-time novel, "Shepherd of the Hills."

No charge is made to Hollywood for this suggestion. Oh, well, all right—a pair of passes to the shows when they are ready.

Foot-note historians have long been a pet aversion of mine. Your college professor feels he must back up each statement. The height of the ridiculous was attained by one Ph.D., who wrote, "Certain men, when they become drunk, want to fight"—and then he put a footnote to prove a statement that everybody knows to be true!

### Former Citizen and Son Hurt in Wreck

On Easter Sunday morning, Mrs. A. B. Morrow and her son, Billy, overturned in a car and slid off a ten foot embankment. Mrs. Morrow is the former Mary McCaslin, daughter of Mrs. Nancy McCaslin.

The son has not regained consciousness and Mrs. Morrow's condition is reported as serious.

Mrs. Morrow and Billy are in the Hillcrest Hospital in Waco. They reside at Route 1, China Springs. Mrs. Nancy McCaslin and her daughter, Mrs. Jack Gilliland, of Hereford are at their bedside in Waco.

Most key officials in the Truman Administration think that they have jobs lined up into which they can step after next January 20. The White House expects no big rush on the part of officials to get out before Mr. Truman himself retires.

Senator Estes Kefauver may yet get the Democratic nomination almost by default as other prominent Democrats tend to shy away from a real effort to get the job.

### New Officers Are Elected by Lions Club Wednesday

E. R. (Dutch) CLEAVINGER  
... New President

Members of the Canyon Lions Club elected new officers at the luncheon Wednesday. E. R. (Dutch) Cleavinger was elected president to succeed Emmitt Smith. W. T. McGregor was elected first vice-president.

This position had been filled by Cecil Massey who recently left to accept a position in Hereford. When Massey left the second vice-president, J. E. Flynn, took over the duties of first vice-president. Bill Sternberg was elected third vice-president to replace the outgoing W. E. Miller.

Lion Tamer McGlasson yields his position to Art Roberts while directors Albert Byars and Clay Cooper are being replaced by Rex Reeves and Bill Knighton. The duties of the 'Tailtwister' have been temporarily assigned to various members of the club since the withdrawal of former Tailtwister Lindsey Taylor. Bob Gough was elected to serve in this capacity.

Two of the officers were elected by write-in vote. Bill Sternberg was elected third vice-president and Rex Reeves was elected to serve on the board of directors.

Lion Charter Member M. E. Cantrell brought Chief of Police M. T. (Doc) Camp to the luncheon. Other guests were Buren Scott, Barney Anthony and Wilmer Graham.

The Lions Club also added a new member to its roster. The new Lion is Dale King, initiated into the club by Bill Wilson.

### Ruth Ann Soll To Give Her Senior Recital Sunday

RUTH ANN SOLL

On Sunday, May 4, at 3 p. m., in the auditorium of the Administration Building at West Texas State College, Miss Ruth Ann Soll, music major from Canyon, will play her senior piano recital.

Miss Soll has spent her entire school life in Canyon and has been prominent in many activities, both academic and musical. In high school she was a member of Quill and Scroll, National Honor Society, Who's Who, news editor of the high school paper, "Tumbleweed," assistant editor and editor of the high school annual 'La Vaquita,' choir accompanist for three years, and she gave a senior piano recital. During her college career, Ruth Ann has been a member of Mary E. Hudspeth and Alpha Chi, honorary scholastic societies, Who's Who in American Colleges and Universities (1950), soloist with the college band (1951), soloist with the

college orchestra (1952), and choir accompanist for two years.

The program which Miss Soll will play Sunday will include two numbers, "Ironie Dance" and "Ballad from Superstition Mountain," by Houston Bright, prominent Texas composer, and acting head of the music department at West Texas State College. The second of the se numbers was written especially for Ruth Ann to play on this recital.

The complete program follows: Rondo in E flat, Hummel; Sonata, Op. 26, Beethoven; Danse of Puck, Debussy; Intermezzo, Op. 117, No. 1, Brahms; Whims, Schumann; Presto, Poulenc; Ironie Dance, Bright; Ballad from Superstition Mountain, Bright; Toccata, Khat-chaturian.

The public is cordially invited to attend the recital.

### WT Faculty Dumps Lions in Benefit Basketball Game

Clownful antics and stiff jointed movements punctuated the basketball game Friday night between the West Texas State College faculty and the Lions Club. The game ended by a score of 53 to 25 in favor of the faculty.

Proceeds from the game go for the brick drive being promoted to get materials for the new student center.

The Lions' roar faded to a moan under the onslaught of such athletes as Borden Price, Gene Mayfield, James P. Cornette, Dennis Ford, Joe Ericson and Virgil Henson. Even when the Lions had seven men on the court at one time, they still couldn't prevent the faculty machinery from out-scoring them.

Bill Wilson coached the Lions as best he could. This consisted of slipping a man in every time he thought he could get by with it. Sometimes it worked and sometimes it didn't. The outclassed Lions made a valiant effort to hold the scoring line but it kept slipping further away from them as the time went by.

Lions defending the honor of the club were: Milton Morris, Burney Slack, E. R. (Dutch) Cleavenger, Cal Lovelace, Clarence Eugene Thompson, J. T. Harp, Lawrence Hunnicutt, Johnny McBride, D. E. (Gene) McGlasson and Dr. M. R. Callham.

During the half-time of the game Maverick Club boys from Amarillo did various feats of bouncing on a net. The flips, turns and somersaults they performed required a great deal of skill and brought a great response from the audience.

Mr. and Mrs. Odell Briggs and family of Abilene were week end guests in the home of Mr. and Mrs. Cecil Briggs.

Mr. and Mrs. W. P. Sharman of Dumas were business callers in Canyon Monday.

### Highlights of P-TA Conference Here

Fun was injected into the P-TA program during the annual conference of the organization which was held in Canyon last week. An Amarillo man won first place in the original hat creation contest which was held the last day.

The lower picture shows the district officers as they gathered in the West Texas State cafeteria Monday night for a pre-conference banquet and to hear Mrs. H. G. Stinnett, state president, of Plainview.

## Joint Recital by Musicians Friday Night at W. T.

Wayne Hinds, Amarillo senior, and Doris Joens, Davenport, Iowa, graduate, will be presented in joint recital at West Texas State, Friday night, May 2 at 8 o'clock in the administration auditorium.

Hinds, junior music education major and son of Mr. and Mrs. Arr B. Hinds, 1106 North Polk, will appear in the tenor voice part of the recital.

Miss Joens, attending West Texas on an Amarillo Symphony scholarship, will be presented in French

horn selections. She received her BA degree in 1950 from Iowa State College and participated last summer in the University of Michigan's national band camp. She will work with the library staff at the same camp this summer.

Prior to coming to West Texas State, Miss Joens played with the Iowa State band and orchestra, the Waterloo Symphony; and the University of Michigan division orchestra.

She is a member of the Inter-collegiate Band of District III, and a member of local Xi chapter of Tau Beta Sigma, national band sorority.

Hinds has played three years in the West Texas State band and the college's symphonette, and has

sung in the A Cappella Choir, the Varsity Quartet and the college chorus. He is also a member of the Amarillo Symphony.

As part of the recital, Miss Joens will present "Concerto, Op. 11," R. Strauss; "Adagio Religioso," Mozart; and "Reverie," Sitt.

Hinds will sing the invocation from "Orfeo," Gluck; "Nina," Pergolesi; "Auf Flugeln des Gesanges," Mendelssohn; "The Sally Gardens," arranged Brittan; "The Hills of Home," Fox; "Lord Randall," arranged by Scott; "Ma Little Banjo," Dichmont; "From Silent Night," and "Go, Nightly Cares," Dowland.

The latter two songs are for tenor voice with horn obbligato. The public is invited to attend the recital.

### DR. BOSWELL TO BE SPEAKER WOMAN'S BOOK CLUB LUNCH

Members of the Woman's Book Club will hold their final meeting of the club year in the form of a luncheon in the Blue Room of the college cafeteria. The date set is May 14, and the hour is 12:30.

Dr. Leta Boswell of Neblett Hospital will be the speaker of the day, and hostesses will be Mrs. C. M. Dowlen, Mrs. Clyde McElroy, Mrs. K. E. Frieze and Mrs. J. W. Kleinschmidt. Reservations will be accepted by Mrs. McElroy until May 7, and it has been announced that each club member may have a guest. Tickets are \$1.25 each.

The last study meeting of the club was held April 23 in the club room of the Panhandle-Plains Museum. Miss Darthula Walker and Mrs. T. B. McCarter presented a program on women in science, following which a business meeting was conducted by the president, Mrs. James P. Cornette.

The feature of this meeting was a report of the recent convention of the Seventh District, Texas Federation of Women's Clubs, which was held at Borger. Mrs. T. B. McCarter was the club delegate, and she reported that the principal emphasis at the meeting was upon the importance of precinct conventions which will be held May 3. A poll of the convention delegates showed that 100% of them had paid their poll taxes.

The report also brought out that the president of the Seventh District, Mrs. Montie Draper McGinty, the second vice-president, Mrs. Walker B. Jones, and the Hereford representative, Mrs. Bessie Chambers Patterson, who invited the clubs to meet in Hereford in 1953, are all graduates of West Texas State College.

The White House has been advised that impeachment of President Truman would stand a fair chance of approval if a vote were held in the House of Representatives. Strategy of the Democratic leadership, as a result, is to avoid a vote. Votes in the Senate are lacking to convict if impeachment should be voted.

LIQUID OR TABLETS — SAME FAST RELIEF

We got a peek over the fence into the Kingdom of the Green Thumb last week end. It was a day to make even house-bound creatures yearn for a spadin' fork. Not wishing to murder any tender young plants, however, we merely kibitzed.

First, the spouse, an ardent Green Thumber, started digging up flower beds. From time to time, he exchanged shouted conversation with our gardening neighbors across the street. "Mr. So-and-So has some geraniums to sell." "Mrs. E. will give you all the golden glow you want." "You'd better get your chrysanthemums today." "You can have some gaillardia, but they're mean to transplant."

We listened with rapt attention. Why would one small green plant agree to move across the street, while another was pretty sure to wither and die?

Soon we were shuttling across the street with clumps of plants. These the spouse "heeled out" in a newly worked bed, much as a dog buries a bone for later enjoyment. Then we started for that charming little house on the edge of town where the geraniums grow.

When we had packed three dozen tiny pots into the back of the car, we went on an inspection trip through the part of the yard reserved for growing things for fun: lush columbine, a strange kind of clematis, radiant bougainvillea, a gardenia plant, a dogwood tree. In the warm sunlight, the plants seemed so happy and strong you could almost hear them grow.

The Green Thumbers speak a language of their own, a sort of gentle chit-chat about the plants they love. But more important than what they say is the spirit they share. As we rode home holding a moist clump of earth that housed a precious canterbury bell, we could almost feel the glow of a Green Thumber ourselves!

There is nothing to reports that General Eisenhower is in generally poor health. The General's recent sore throat was the first in many months and the bursitis that has troubled him in one shoulder now is cleared up.

## Communism Film Is Previewed Here

One of the movies that should be seen by all parents is the production of "My Son John." This picture was previewed by a group of parents, adults and teachers Friday afternoon at the Varsity theater. The moral of the picture hits directly at the greatest threat our present civilization has ever known.

Communism is the threat laid open in the picture. It is a story about ordinary people who learn that their son is a communist. The horror of the situation was too much for the parents to cope with at first. A vivid portrayal of the first reaction on the part of the parents is shown. This reaction could be that of any ordinary parents.

Those who saw the picture Thursday filled out a card telling what they thought of it. Some thought it too realistic while others thought it an excellent film to wake the people to the threat they are facing.

Senator Robert Taft is not impressed by arguments that his backers should not try to put General Eisenhower on the defensive by demanding that the General go on record for or against specific issues of national policy. The Eisenhower strategy calls for making as few specific commitments as possible on policy.

Charles Sawyer, Secretary of Commerce, is refusing to be made the "fall guy" for White House officials who dumped the steel industry in his lap after taking it over. Mr. Sawyer, who was given this multibillion-dollar industry, is making sure that the White House takes full responsibility for all decisions that affect it.

Charles Brannan, Secretary of Agriculture, figures that the political situation in the farm States is to work out in 1952 just about as it did in 1948. In that year, alarmed by price declines, farmers voted to return Democrats to power

out of fear that Republicans would let prices stay down. Mr. Brannan is set to work the same angle again this year.

## Faith

(Ed. Note: "Faith," the prize-winning editorial in Panhandle Press High School Association contest, was written by Carol Rose, junior of CHS. Carol won first place recognition in the Regional copyreading contest in Lubbock.)

At this time, during our nation's conflict, we take time out especially to think about the opportunities, freedoms, and liberties we enjoy. Whenever we do this we must realize from whence these privileges come.

One may ask, "Are we better to partake of these democratic ideas than other people in foreign parts of the world?" No, you and I were not singled out to live in this country and enjoy its principles. But because we have been so lucky, we can't accept it lightly, for our thankfulness should go to God who permitted us to live in a free democratic country.

Our life, our existence, and our principles depend and cometh from the Lord. He is able to do anything, whatever it be, if we, as individuals, have faith and trust in Him. A deep feeling of gratitude must come to each one of us when we realize that the United States, more than any other country, expresses and partakes of the privileges of being able to worship God in the way He would have us to.

We, in America, do not have to live in fear of being punished for exercising this liberty. This is our privilege, though I'm afraid we don't seriously realize what a great opportunity we have, for unless we put our faith, our trust, and our hope in God, we, as leaders of tomorrow, cannot exist as free citizens with the right to express our beliefs.

We can endure as a strong, united nation whose lead is directed by God only if we fully trust and believe in Him.

## Keep Time Alive

What do you do in study hall? Do you cut up, tell jokes, eat candy, and create a general disturbance? Or do you study and try to make good use of some of that time?

Study halls need not be stuffy and monotonous, but they should be used to the fullest extent. A study hall is given to you for the purpose of letting you have more time to study for those English and history tests, and other subjects that require more outside-of-class study than some.

Not only do you waste your own time when you cut up in study hall, but your neighbor's as well. How do you think he can concentrate on what he is doing if you persist in bothering him?

There's an old saying that applies in this case: "Kill time, and time will kill you."

Let's keep time "alive" and make the best use we can of our study halls. You will not only be helping your neighbor, you'll be helping yourself, too!

## Economics Classes Take Business Trip

Twenty-six students from the economics classes of Canyon High School, accompanied by their teacher, Mrs. Dan Sanders, made a field trip to Amarillo Thursday, April 24.

Three kinds of businesses, processing, public service, and public utility, were toured. Borden Company, which is a processing business, was the first building visited. The students saw how raw materials are processed to make a finished product which is sold to the general public.

Later, the Globe-News building was toured. The students viewed the publishing of a paper from the composing room to the finished newspaper. They also visited Old Tack's office and were given souvenirs. The Globe-News is the type of business which operates as a public service.

Third type of business visited was Southwestern Bell Telephone Company, a public utility. The group visited sections on the dial system of telephoning, long distance telephoning, and many others.

Purpose of this trip was for the students to see how three kinds of businesses are operated.

'Ole Cal sez that the weather 'aroun' these parts was mighty wet! He half-expected to see that favorite school of his come floatin' down the street Monday morning after all those thunder showers over the area last week end.

What would be the answer if you had two coins equaling fifty-five cents and one of them was not a nickel?

Answer: If one was not a nickel, it would have to be a fifty cent piece.

Congratulations go to the track boys who scored high at Regional, and who will represent Canyon at State.

'Ole Cal suggests to you students that you dig out those cameras of your's and, before school is out for the summer, take some pictures of friends and school life in general. It'll be fun to look back through your album in later years and see what went on back in '51 and '52. Also, save them and put them in the annual snapshot page next year.

Cal has been looking in on several classes at CHS this week, and has seen the symptoms of spring fever arising. But, with a warm breeze softly blowing through the room, bees droning lazily around outside, and the smell of flowers drifting through an open window, it IS hard to keep one's mind on his work, isn't it? However, let's all try to concentrate on our school work, for it isn't long until school is out.

So Long, Cal

## Juniors, Seniors To Receive Creed

The Eagle's Tale staff was given an opportunity to obtain copies of "A Creed for Tomorrow's Citizen" by Marilyn McBride of Austin High School. Business manager Shirley Erwin sent a request for 130 copies to be distributed as gifts from the school paper to each student in the junior and senior classes of Canyon High School.

"There is a great need in America today for a proper understanding of the meaning of democratic citizenship. I know of no better ideals for democratic living than those which are set forth in 'A Creed for Tomorrow's Citizens,'" commented James E. Miller, principal.

"A Creed for Tomorrow's Citizens" was taken from an address, "Warming Up for Citizenship," by Secretary of State John Ben Sheppard.

## Spanish Students Make Cascarones

Have you noticed CHS students carrying egg cartons around?

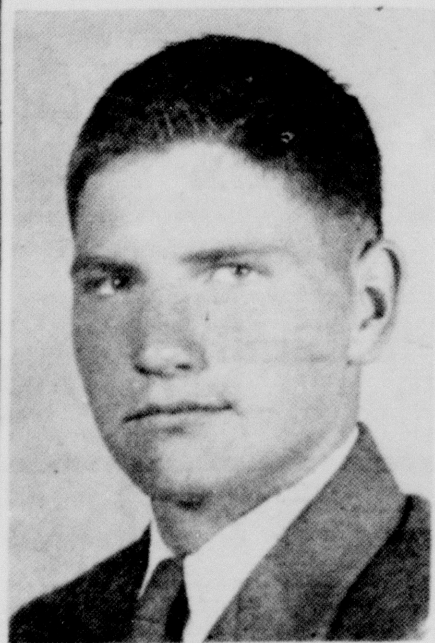

Upon investigation we found out that the Spanish students are making cascarones to sell in their booth at the Spanish Fiesta, April 26. Cascarones are decorated egg shells filled with confetti.

Students brought their lunches to school a number of days and worked on the cascarones during the noon period.

Some of the cascarones appear to be fierce people with orange eyes and a blue mouth, while others have some varied types of artistic designs.

## Australian Cowboy Presents Assembly

Coming from England's Windsor to our South and Southwest is an Australian cowboy, Johnny Regan. He is to present an assembly May 2 at 1:15 in the high school auditorium.

His act consists of trick roping and stunts in which he uses the famous "Texas Wagon Wheel," an origination of the late Will Rogers. Regan twirls a huge lasso sideways and jumps back and forth through the loop.

At the age of 14 Regan was sent to live with an uncle in Queensland, Australia, where he began learning the use of the whip and rope. He specialized in whips and horsemanship and even participated in bronc riding events. He made contracts with rodeo contestants and eventually toured Africa, New Zealand, and South America as a bronc rider in rodeos.

Twelve years after his departure for Australia, he returned to England to visit his parents. While there he made acquaintances with a number of college students, who were touring Europe with the famous Hardin-Simmons University Cowboy band from Abilene, Texas.

One of the members of the band was suddenly stricken by illness and was forced to return to America. The ill student was a trick rope and whip artist in one of the acts featured by the band. So Regan, who had learned to be a showman through his experience with cowboys in Australia, was persuaded to serve as a substitute for the remainder of the tour.

## CHS Instrumentalists Take Honors in Music Competition

Typists for the occasion were Janie Jennings, Peggy Bonds, Lawrence Hermesmeyer, Carol Rose, Sarah Colwell, Laura Smith, Shirley Erwin, Joyce Payne, Anna Samuelson, and Bette McGehee.

FTA members on the Evaluation Committee for the conference were Bettie Graham and Ralph Green.

Mrs. Cecil Simms, FTA co-sponsor and NHS treasurer, was in charge of this group.

### Graham Receives State FHA Degree

Bettie Jean Graham, senior, has recently received her State Homemaker Degree in FHA, which was rated "superior." She is the first student from Canyon to receive the State Degree in this organization.

Bettie Jean was judged on her participation in area and state FHA programs, her interest in interpreting the FHA program to others, her activity in the community, her progress in homemaking activities, the neatness and form of her application, and the definiteness of her future goals.

The State Committee on Degrees of Achievement recommended Bettie Jean on her "superior" achievement in the Future Homemaker's of America organization.

She attended the State FHA meeting April 24 to 26, in Dallas. There, she will receive her degree April 26 in the formal ceremony for conferring state degrees of achievement to those earning them.

She received her Junior Homemaker Degree in her sophomore year and her Chapter Homemaker Degree in her junior year. She was FHA president, treasurer, and went to state each year with the highest number of points in the local organization.

Bettie Jean was FTA president, sweetheart of the Canyon D. A. Shirley Club, member of NHS for two years, chorus member for three years, band student one year, SFC representative '50 and '51, charm queen, in junior play cast, and Junior Who's Who.

She is vice-president of Artists Anonymous Club, member of Rainbow Girls, and a member of the Senior play cast.

Upon receiving the news of her winning the award, she replied, "It makes everything seem worthwhile, and I was really thrilled."

### Robinson Featured In Youth Assembly

"Unto Him that loved us, and washed us from our sins in his own blood, and hath made us kings and priests unto God and his Father, to him be glory and dominion forever and ever."

These passages of scripture from Revelations served as the theme of the Baptist youth assembly featuring Jack Robinson. All-American basketball player who played on the U. S. Olympic team in London, and hails from Fort Worth.

Vividly-spoken illustrations of his interview with the King of England amused the students and served as the basis of his inspirational talk. "We can all be kings upon the earth for Christ."

Youth meetings, beginning Friday night with the revival followed by Saturday morning breakfast at 5:30 in Palo Duro Canyons and a youth rally in Buffalo Stadium at 12:30 with the continuation of the youth revival over the week end were announced by Dennis Lyles, First Baptist Church Educational Director.

Wilbert Long, Baptist song leader and student at WTSC, led the student body in the singing of "Standing On The Promises of God." He replaced Bob Feather, who directed the song services at the church.

Both Robinson and Feather attended Baylor University, where Jack was selected All-American player and Bob was a cheerleader.

Canyon High School Band received three second place honors in the annual Interscholastic League Contest at West Texas State Thursday, Friday, and Saturday, April 24, 25, 26. The band won second in concert playing, sightreading, and marching.

The cornet trio set the pace for ensembles entered in the contest by winning first division. The drum quartet and woodwind quintet placed second and the clarinet trio placed third.

Of the 11 solos entered, two won medals. These were J. T. Maddux, trombone solo, and Dorothy Cleavinger, flute solo.

Second place winners were Barbara Glanton, bassoon solo, Joann Mickey, clarinet solo, and Annette Fond and La Rue Davis, twirling.

Buddy Thompson and David Miller, French horn solos, and Bob Huddleston, trombone solo, were the third place winners.

Frances Pennington and Len McKay, horn and cornet soloists, won fourth place in solos.

Martha Maddux, 11 year old sister of J. T. Maddux, played a flute solo, for criticism only.

There were approximately 25 bands in Class A competition in sightreading and concert playing, and 20 in marching contest.

## Dating Data

Girls say the trouble with boys is that they don't have much social sense.

At a school dance they just stand around holding up the walls most of the time. When they do decide to dance, they either tap the girl on the shoulder without saying anything, or they make a wisecrack like, "This is it, you lucky girl," instead of just asking if you're free to dance.

When the dance is over, chances are they either wander off, leaving you stranded in the middle of the floor, or take you back to the wrong side of the room where you are miles from your friends.

But the fellows who drop around to see you without any advance notice are even worse. A girl likes to get all fixed up, looking her best, when she sees a fellow she likes. It's lots of fun to see fellows casually, without a big date in advance, but it's more fun if they call first to say that they are coming over.

## Supplies to Korea Is FTA Project

The D. A. Shirley Future Teachers of America Club held their monthly meeting in the home of Walter Graham Monday, April 21.

Sue Keeling gave a report on the conditions of Korean schools. As suggested by the bulletin, the FTA will sponsor a drive for a chest of school supplies to be sent to Korea. This will be the final work for the club this year.

Refreshments were served by Mrs. Graham.

May 19 will be the meeting date for next month.

## Amigos Attend Spanish Fiesta

Enjoying the fourth annual Spanish Fiesta were 17 members of the first and second year Spanish classes of Canyon High School. Amarillo High School was the scene for the meeting Saturday.

First on the agenda were a reading clinic and a music contest.

A mixed sextet composed of Ray Green, Richard Sanders, Charles Boling, Elaine Cundiff, Dorothy Neblett, and Clydeen Mitchell completed the music contest. The sextet sang Adios Muchachos.

Students participating in the reading clinic, Anna Lou Samuelson, Richard Sanders, Clydeen Mitchell and Barry Clark were graded on stress, phrasing, and expression.

A play, "How to Make the Bear" or "How to Make Love in Mexico" was presented by students of Amarillo Junior College. "Mexico, the City of Enchantment," a film picturing the interesting sights in the city of Mexico and scenes from a bull fight was shown.

Amarillo High School cafeteria served a Spanish dinner; winners in the music competition provided the entertainment during the meal.

Elvira Boyd, CHS Spanish Queen, and Charles Boling represented Canyon in the Queens' court. Two Spanish dances and numbers played on the marimba entertained the queen and her court.

## Juniors' Merriment Reflected at Social

Rain soaked fields prevented the anticipated junior class hayride, but that did not stop the ambitious juniors for they romped through an unusually gay evening with a western party.

The game, Rachel and Reuben, captured first place in the enjoyed games. Others, paper sack blowing, jumbled up class members' names, and lunch basket turnover reflected the merriment of the evening.

Hot dogs, pickles, potato chips, apricots, various kinds of cookies, and soft drinks served as the hearty refreshments.

filled with confetti, were sold in the market place by the CHS group. They made about \$20.

### Debate on the New Immigration Law

The House is now engaged in debate on H. R. 5678, a bill to revise the laws relating to immigration, naturalization and nationality. This bill is designed to bring the immigration laws up to date, to weed out obsolete provisions, to close loopholes and to provide strict enforcement.

A number of attempts have been made during the debate to amend the bill for the purpose of relaxing the present and proposed requirements for entry into this country. All of these amendments have been stricken and it does not presently appear that any of them will be adopted.

The debate has been prolonged and in many instances very heated. The present immigration policy is based on "national origins" of U. S. population as shown in the 1920 census. Under this policy Great Britain alone

has a quota of 65,721 out of the total immigration quota of 154,277 annually. Britain annually uses only a small percentage of this quota.

It was argued by one member of the House that this policy resulted in more than two million unused quota numbers between 1930 and 1948.

This same member offered an amendment to pool the unused quotas of such countries as England and Ireland and to give these unused quotas to countries like Italy, Greece, or any other country having an annual quota of less than 7,000. The House overwhelmingly voted down this amendment.

It likewise soundly defeated an amendment offered by another New York member that would change the census figures being used from the 1920 census to the 1940 census.

The result of the amendment would have been to give substantial increases in quota to a number of the Continental and Near East countries. Another amendment offered by another New York member proposed to grant to Italy 46,000 quota numbers which went unused during World War II.

It was argued by the member that although Italy was our enemy during World War II, her alliance with Hitler was the doing of Mussolini and not of the Italian people. This argument didn't have much effect on the House. In fact, it caused quite a bit of laughter.

The amendment lost by the overwhelming vote of 77 to 21. Another amendment was offered by another New York member to allot unused quotas to benefit separated families, skilled workers, religious refugees, and hardship cases. Although the amendment might have some emotional appeal in the language used, I am glad to report that the House did not permit sympathy to override reason, and defeated the amendment 73 to 23.

Almost every argument that was made to relax the immigration laws was based on the premise that unless the laws were relaxed, this country would be charged with discriminating against minorities and denying many potential immigrants their right to enter this country.

It was quickly and clearly pointed out that entry into this country by an immigrant is not based upon any right of the immigrant, but on the contrary is a most precious privilege made possible by the graciousness of the citizens of this country.

The theory of discrimination was also knocked in the head by the remarks of some good Southern Democrats. They pointed out that every time some member of some so-called minority group wants some concession, they immediately cry out that "if you Americans don't grant us what we ask, you are guilty of discrimination."

#### The Cuts in the Budget

A great clamor has gone up about the many cuts that the House made in the several appropriations bills, and it has been said that Congress will be forced to stay in session until many of these cuts are restored.

I can tell you that this Congress is not going to be stampeded into restoring these cuts by any such threats, and keeping the Congress in session is not going to change its temper.

The money that we have provided is adequate and in many instances should be more than adequate to meet the needs, and I for one am not going to subscribe to any policy to add any more to the public debt or to put any more burden on the taxpayer's back.

Hubert Humphrey, Minnesota Senator who leads for Northern Democrats on the civil-rights issue, is showing a readiness to compromise that issue in the 1952 Democratic platform. Democrats of the North are inclined to show less crusading zeal on the issue of civil rights in the current year.

Chrysler V-8 Saratoga Sedan, gasoline economy winner in Class "F". Entered and driven in the 1952 Mobil Oil Gas Economy Run by Chrysler Dealer Mel Alsbury, Hollywood. It was one of three Chrysler FirePower V-8's to win in their respective classes.

## 180 HP CHRYSLER V-8 FIRST IN 3 CLASSES IN ECONOMY RUN!

Here is truly dramatic proof that Chrysler's great new FirePower 180 HP V-8 engine design sets an entirely new standard of efficiency among American passenger car engines!

In this annual economy test, rigidly supervised, and limited strictly to stock car entrants, cars competing are divided, by price and size, into 11 standard classes. The route, from Los Angeles to Sun Valley, covered 1,415 miles of every possible kind of driving. Average speed for all cars was just under 41 miles per hour.

And in 3 of the 11 classes, the Chrysler V-8 engine was best for gasoline mileage.

In Class "F", this magnificent new engine won first place for a Saratoga 6-passenger sedan (125 1/2-inch wheelbase, 4010 pounds). In Class "H", it won first honors for a Saratoga model 8-passenger sedan (139 1/2-inch wheelbase, 4510 pounds). And in the top price and size, Class "I", it was again first, in a Chrysler

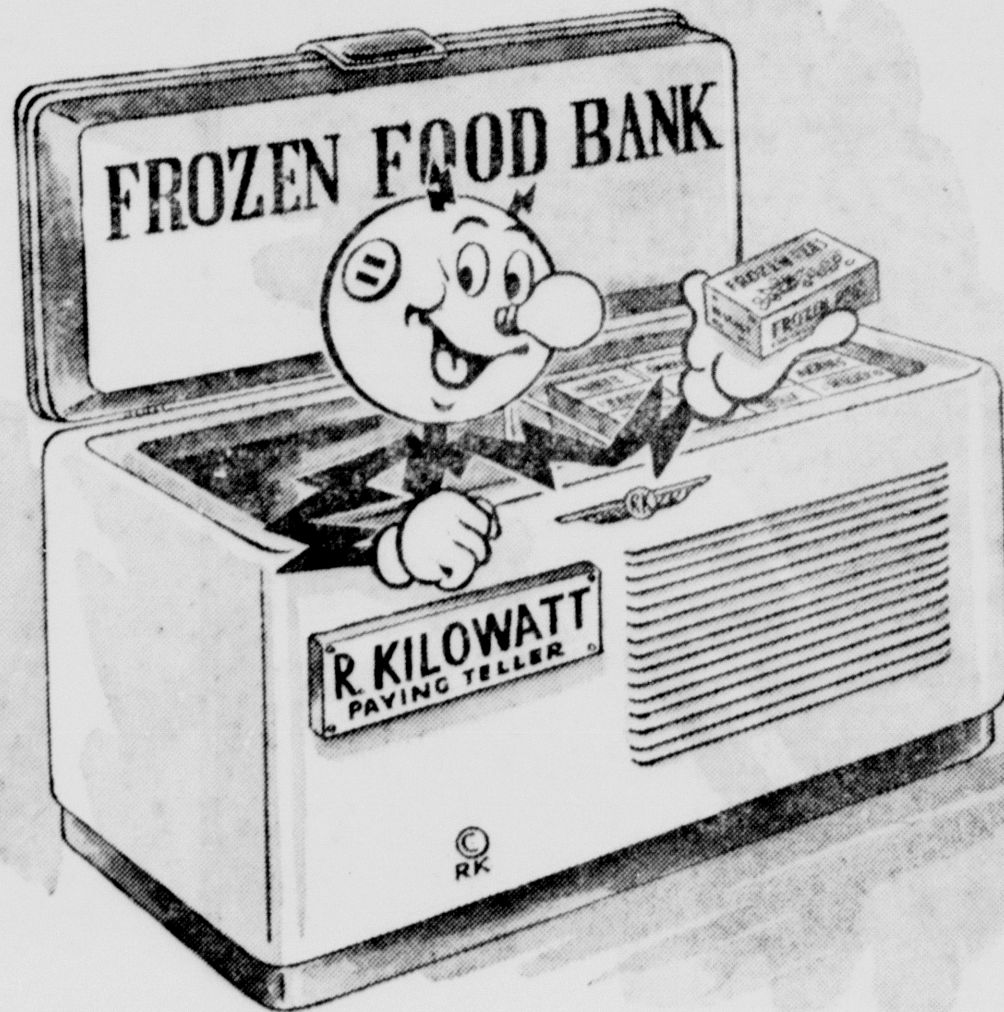

Crown Imperial Sedan (145 1/2-inch wheelbase, 5360 pounds).

To travel these substantial cars at this speed under these conditions gives additional proof, we believe, that here in the FirePower V-8 engine is the finest and most efficient engine ever put into an American passenger car!

### WE INVITE YOU TO DRIVE THIS ENGINE, YOURSELF...

The same engine which has just scored these remarkable accomplishments is no farther from you than your own Chrysler Dealer. He will welcome the chance to let you take the wheel and feel for yourself what Chrysler has done... not only in engine performance, but in power steering, power brakes, new shock absorbers, passenger comfort... to deserve the title: "Finest Car America Has Yet Produced!"

Last year, 37,100 Americans were killed in traffic accidents.

Who Was VICTIM X?

Victim X, whose name will never be known, was the 1,000,000th highway traffic fatality in the United States since 1900. Victim X may have been man, woman or child—it might have been you!

This life, sacrificed to carelessness, was snuffed out in an automobile accident late in 1951. Only a few months earlier, another unknown met his death on a Korean battlefield. "GI-X" was the millionth soldier to die for his country since the Battle of Lexington, April 19, 1775. It took seven United States wars and the conflict in Korea to count a toll of 1,000,000 Americans who died in the cause of freedom and independence. It took only 52 years for another million to be killed on the streets and highways of our country. Besides these dead in traffic accidents, 35,000,000 more were injured, maimed or disfigured for life.

Automobiles will claim their second million victims much sooner, possibly in the next 25 years, unless you and 60,000,000 other drivers get seriously safety conscious.

Carelessness causes nine out of every ten accidents. Speeding, drinking-and-driving, violation of rules of the road and right-of-way, are major causes of auto fatalities and serious accidents. Lack of alertness by pedestrians contributes its toll to the death statistics.

Drive safely—walk safely. Save your own life—and the lives of others.
